# Quality craftsmanship

## Designed and built with care

Every CosiChair is made to high standards, using quality materials and expert workmanship. Our chairs and sofas meet with the Furniture Industry Research Association (FIRA) regulations to ensure they adhere to British and European safety and quality standards.

We're proud to produce most of our furniture here in the UK. Because we trust the quality of our materials and craftsmanship, every CosiChair comes with either a **1, 2, 5 or 7-year Limited Extended Guarantee** for your peace of mind and giving you added reassurance that your chair is built to last.

Guarantee covers – frames, mechanisms and all electrics. See Cosi Chair Product Range Terms and Conditions on <https://www.electricmobility.co.uk/pages/terms-amp-conditions/53/> for further details.

# Your buying guide

## Riser Recliners as individual as you

Find the perfect chair to match your lifestyle. Our collection of Riser Recliners offers a wide choice of stylish designs and a beautiful selection of high-quality fabrics to suit every home. Whatever your taste or space, there's a CosiChair made just for you.

### Perfect comfort. Perfect fit.

At CosiChair, comfort comes first. Each chair is designed for both support and stability. Furniture that not only looks good but feels right for you and best matches your body shape and sitting preferences.

### Are you sitting comfortably?

Your local CosiChair Retailer can help you find the ideal chair for your needs. They'll make sure that every detail from seat depth and height to width, footrest position and motion provides the right level of comfort and support for you.

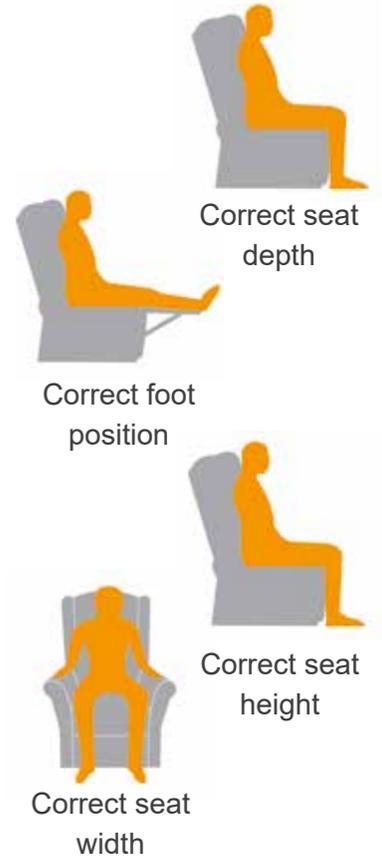

### Perfect position. Perfect performance.

True relaxation comes from finding the chair that moves with you. Each CosiChair Riser Recliner features a **smooth lift and tilt action** that gently assists you when standing up and helps you settle back effortlessly when it's time to relax. Choose the model that best supports the way you live for everyday relaxation that feels perfectly natural.

### Fabric options - Designed to complement your home.

Our collection of luxurious fabrics and finishes makes it easy to create a chair that fits beautifully into your home. From soft, tactile weaves to elegant leathers and easy-care materials, each option is carefully chosen for quality, comfort and durability.

With such a wide range of colours, patterns and textures to choose from, you can personalise your CosiChair to reflect your individual style from classic and traditional to contemporary and modern.

# Mechanisms

## Ultimate relaxation, tailored to you

Every CosiChair Riser Recliner is designed to move smoothly and quietly, giving you complete control over your comfort. The range offers a choice of easy-to-use mechanisms that let you rise, recline and relax at the touch of a button.

Whether you prefer a **Quad**, **Dual** or **Single-Motor** and either a **Tilt-in-Space** or **Independent** mechanism, each provides a gentle and stable motion that supports your body as you move. Your local CosiChair Retailer can demonstrate the options and help you select the model that best suits your comfort needs and mobility.

### Powered Headrest and Powered Lumbar Support (Quad-Motor)

*Available on Iconic, Fenlake and Countess models*

#### Personalised comfort at your fingertips.

Experience a new level of support with CosiChair's Powered Headrest and Powered Lumbar functions designed to adapt perfectly to you.

- **Powered Headrest** – Gently adjust your head and neck support at the touch of a button. Ideal for reading, watching TV or relaxing, without the need to move cushions manually.
- **Powered Lumbar Support** – Fine-tune your lower back support to suit your posture and comfort needs. No more scatter cushions just smooth, continuous support.

Together, these features deliver **unmatched comfort, precise posture support and relaxation,**

bringing full-body comfort to any Tilt-in-Space or Independent Dual-Motor CosiChair.

The Iconic also achieves a **zero-gravity position**, evenly distributing body weight to ease pressure on key areas and enhance circulation.

Iconic Tilt-in-Space with Powered headrest and lumbar support in Teal

### Dual-Motor Tilt-in-Space (TIS)

*Available on Ambassador, Jubilee and Banwell models*

Ambassador Tilt-in-Space in Forest Green

#### Advanced comfort and clinical-grade support.

Our Dual-Motor Tilt-in-Space system gives you complete control and ergonomic positioning with effortless movement.

- **Two independent motors** let you adjust the backrest and footrest separately.
- **Lift function** helps you stand and sit smoothly and safely.
- **Variable seat angle** (30°, 20° or 10°) in Medium and Large models for a straighter lift.
- **Tilt-in-Space motion** keeps your body fully supported as the chair reclines as one unit, keeping the seat to back angle fixed, ideal for maintaining posture and reducing pressure.

### Independent Dual-Motor

*Available on Tilmore and Dinsdale models*

Fenlake Independent in Café

#### Flexible movement, tailored to your comfort.

The Independent Dual-Motor system offers freedom to move each part of the chair exactly how you like.

- **Lift function** assists safe, gentle standing and sitting.
- **Independent control** lets you raise your legs or recline your back separately.
- Ideal for users who want simple assistance and adjustable comfort.
- Available with different recline ranges to suit individual needs or medical conditions.

A perfect balance of simplicity, support and personal control.

### Independent Single-Motor

*Available on Suncroft model*

#### One-touch operation for easy control

- A simple, reliable single-motor mechanism that controls the backrest and legrest together for smooth, coordinated movement. Ideal for users who require straightforward operation, consistent support and a dependable everyday recliner.

# Iconic

## Quad - Lateral & Waterfall Back

The Iconic is a Premium Riser Recliner designed by CusiChair which has a Quad-Motor Tilt-in-Space (TIS) function featuring the Zero Gravity position which evenly distributes the force and stress across the body, giving supported comfort from head to toe throughout movement offering greater relaxation.

Iconic Quad-Motor Tilt-in-Space Riser Recliner in Natural

Enjoy the adjustable powered head and lumbar positioning which offers personalised support for the head, neck and lower back. Benefit and take advantage of these features to watch TV, read a book or sit up to have a drink.

Designed using the finest fabrics and handmade to the highest standards, the Iconic offers first class flexibility with regards to movement and positioning, with Variable Angle Lift (VAL) adjusting the tilt angle on lift and the distinctive, automatic adjusting backrest opens up the angle for exit. This precision and smart technology allows a safe, controlled standing position with the user-friendly 9 button handset.

### Truly improve your well-being...

A true extending footrest extension which supports the heel reducing the pressure placed upon it

Fully adjustable powered headrest and neck support moves upto 14cm / 5½" for a perfect position

Fully adjustable powered lower lumbar support moves upto 5.5cm / 2¼ inches

## Zero Gravity

Lateral

Waterfall

The Zero gravity position offers even weight distribution across the body. Your muscles relax aiding breathing and as your legs are elevated this reduces stress on the heart. The position spreads your body weight out, reducing the stress and tension on the spine, hips, knees and lower back, benefitting your health and wellbeing.

### Variable Angle Lift

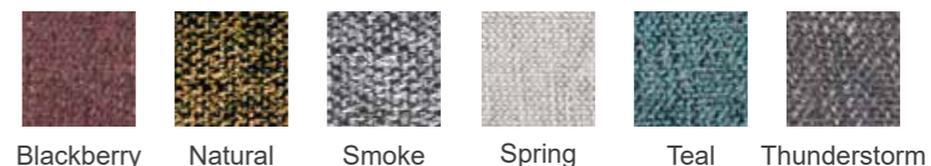

The Iconic Riser Recliner has a Variable Angle Lift (VAL). There are 3 angles at which the chair can be set to rise at. If it isn't comfortable rising at the standard 30 degree angle, it can be set to a medium rise of 20 degrees or a "flat rise" which is just 10 degrees. The varying degrees of lift may help people that have postural problems, allowing supported and smoother transition from sitting to standing.

There is the option to configure the VAL at time of purchase. Ask your local CusiChair Retailer if you have specific requirements.

10 degree 20 degree 30 degree

- Longest Hip to Heel seating with an additional 3" true footrest extension
- Very high leg lift giving full support behind the knee helping to relax the legs
- A 'Reset' button which has software designed to bring you back to a seated position in a safe and comfortable controlled manner from a recline or lift position
- Automatic adjusting backrest which helps to reduce the back angle to allow a more controlled safe standing position on exiting the chair
- Contemporary Lateral or Waterfall Back Design
- Antimacassar and arm covers included

# Fenlake

## Quad - Tailored Lateral & Waterfall Back

Fenlake Independent Quad-Motor Riser Recliner in Mercury

Fenlake Independent Quad-Motor Riser Recliner in Mercury and Cobalt

The Fenlake Independent Quad-Motor Riser Recliner is designed to offer exceptional comfort from head to toe. Featuring independent control, from a seated position as the legs raise, the split ottoman footrest opens up and extends to give greater and longer hip to heel support. The padded Tailored Lateral Back and Waterfall Back design with powered lumbar support and headrest, maximises the comfort level for the head, neck and lower back. The nine button handset has a 'Home Button' function which returns the chair to the standard seated position. The handset includes a practical USB port to charge a mobile phone or tablet. This Riser Recliner boasts useful left and right hand magazine and control pockets.

## Made to Measure

### Individually made in the UK

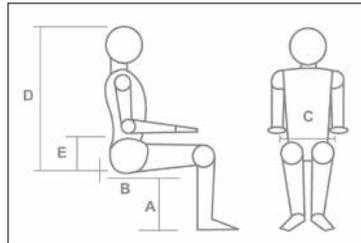

When it comes to optimum comfort and support, 'one-size' certainly does not necessarily offer the perfect fit. We will customise any of our British Made Riser Recliners and Fireside chairs individually to suit you. All Made to Measure chairs are available for delivery on request.

### Guide to measuring

Measure the dimensions of the chair that best suits our frame and weight. Then simply select the fabric and colourway to complement your living space; choose your preferred wood finish and any other options (see specification pages for details).

- A Seat to floor height
- B Seat depth
- C Seat width
- D Back height
- E Arm to seat height

## Made to Order

**Delivery** Delivery on Made to Order Riser Recliners, static armchairs and 2 or 3-seater static sofas upon request. Available in a selection of Domestic or Contract fabrics (including Crib 5) from leading fabric suppliers. Speak to your local CosiChair Retailer.

<b>Ambassador</b>	Also available in Petite on Made to Order – seat height 40.6cm /16", seat width 45.7cm /18", seat depth 40.6cm /16".
